To all those who made it happen!
Thank you, to all the musicians and artists who contributed their talents to this record. To my friends and family for their faith in me and for always believing this record had to be made. Especially my bro, **David Marsa**.
To **Gaye Lowenstein** for all her support, **Steve Thompson** for creating Key Records' logo. Thanks to **Shakura** at CD House.

Special thanks to **Bruce Bouillet** for all his hard work and constant belief in my vision and for helping me reach it. To **Kristina Munoz** for always being there and for all her wisdom, advice and supreme confidence in me. To my parents, **Billy** and **Fritzie**, in honor of their undying love for one another.

In loving memory of **Cary Lowenstein** and **Lynn Gendron**, two people who defined bravery and humility.

And a final and somewhat necessary and heartfelt thanks to my **Self**, for not giving up.
Peace.
